7 Aerial / ~~|||||~~

Total Clips 347

Performance Notes:

I thought the pace here would be significantly slower than with World Space. Wrong!

But I correctly predicted that this video had more whole body clips.

Pace & Ratios

$$\begin{aligned} & 29 \text{ (duration in min)} \times 60 = \frac{1740}{39} \text{ secs} \\ & \div 347 \text{ (total clips)} = 5.1 \text{ (s per clip)} \end{aligned}$$

Full stage =  $\frac{54}{347} = 16\%$

Pt stage / wh body =  $\frac{131}{347} = 38\%$

Total full body =  $\frac{7}{347} = 2\%$   
 $\frac{131}{347} = 38\%$   
56%
