Performance Notes: No good orientation WO shot. Hard to see organization of strings & other sections. 10 basses. 4 bones. Harp well recorded. PO shots too low - can't see much. Many WO shots are anthills. At 15:17 a PO, best shot yet. 12 cellos, Percussion well recorded. Strings pizzicato good 34:03 - 2nd violins & violas See 49:53 for a great sin... also 50:14. 59:20 - rotten angle for brass choir. In 5, chorus shots start off impressive. 1:14:35 The end is glorious & the chorus improves the video also.

So this title flunks all 3 video content tests, even with help from the nice chorus shots. Bad case of DVD-itis!!
